# Themes

Sustainable transition

Digitalisation and new technologies

Wellbeing

---

# Actions

Cities as platforms for development and experiments

Development of the start-up ecosystem

Investments, planning and public procurement

Demonstrations promoting energy efficiency and circular economy

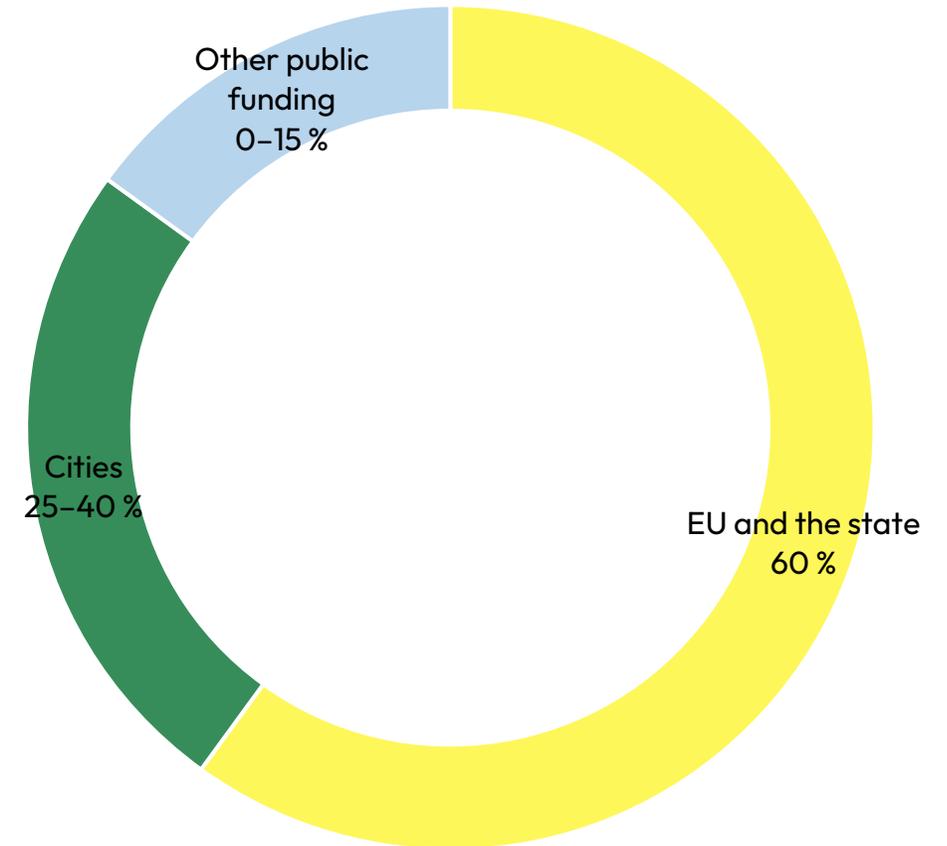

Attracting the international experts and their availability

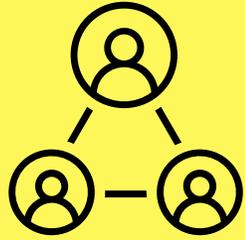

Accelerating the digital investments of businesses

# Co-funding for greater investment

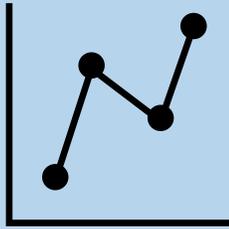

- Between 2021 and 2027, the EU, the state, cities and other public actors are investing nearly EUR 140 million in the development of innovation ecosystems.
- Cities participate in this with a share of 25–40%.
- As of Feb 10 2025, there are ongoing projects worth EUR 72 million, with cities investing EUR 19,7 million.
- Each city's direct funding share varies from EUR 0.5 million to EUR 4.8 million.

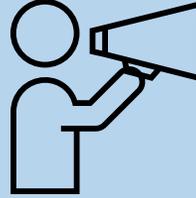

More than 80 organisations in  
16 city regions,  
in 153 projects that 14 regional councils  
fund are  
working to build a better environment  
for companies to innovate and  
promoting a sustainable lifestyle.

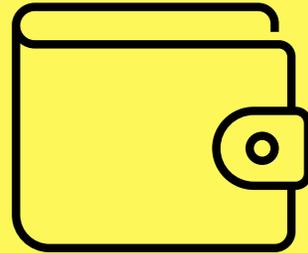

Networking and sharing good practices

Following implementation and impacts

Communications

Funding cities' thematic cooperation and guiding funding

Innocities national coordination in the council of Tampere Region.
